

Spark Gap

Vol. 30, Issue 11 & 12, Nov. & Dec. 2013 *MARC - Serving Central Indiana Communities for thirty years*

Note from the Pres

Here it is Dec already and the New Year right around the corner. 2013 has been a busy year for MARC and hopefully 2014 will be just as busy and productive. I would like to thank everyone for all they have done for the club in 2013.

Please come join us on Dec 21st for our breakfast meeting. I believe that Santa will be dropping off some gifts. Breakfast will be provided by members of the club. So far I have heard that we will have coffee, orange juice, an egg casserole and other goodies. If you would like to bring something please do. It is not required.

While on my cruise, I heard that Indiana got hit with a storm that brought up the weather net. I don't know the details of this storm but Tug Sutton does and sent the following:

"Please give my thanks to all dispatchers for a great job during Sunday's storms. It is each family's job to be prepared, and the dispatchers did their job by making sure we were aware of the storms. I received the warnings from the sirens at the same time I received it through my weather radio and WISH, which also did a great job. I appreciate the great job by all and believe in giving credit where credit is due. As always, thanks for all you do.

Tug Sutton"

Reminder, dues will be due the first of the year. Please see Linda Harshbarger, KC9GHC about getting dues current for 2014. They are only \$18.00. Also, anyone wanting to purchase a shirt, please let Linda or myself know. They are \$28.00.

Finally, I would like to wish everyone a Merry Christmas and a Happy and safe New Year!!
See you Dec 21st at 8:00am. The coffee will be on.

Jacki KI6QOG
President

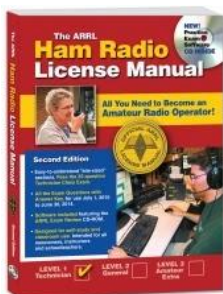

Please Note: This issue of the Spark Gap is a combination of November and December. There was no November meeting of the Mid-State Amateur Radio Club due to that most members were attending the Fort Wayne Hamfest or not being able to attend the meeting. A vote was taken of the members present and it was passed that the meeting for November would not take place. The next meeting would be the December meeting.

MERRY CHRISTMAS

&

HAPPY NEW YEAR 2014

M.A.R.C. One-Day Technician License Class

A one-day Technician License Class will be held on **Saturday February 8, 2014**. If you know of someone who is interested in taking the class refer them to secretary@midstatehams.org to enroll.

Seating will be limited to 25 students so they should register early to insure a spot. We require all students to purchase the Technician Class License Manual, Second Edition.

<http://www.arrl.org/shop/Ham-Radio-License-Manual-Revised-2nd-Edition/?page=1>

The class is free but you must purchase the Technician Class License Manual and study it prior to the class. Volunteer Examiners will be available to administer the test after the class is completed.

The class begins promptly at 8AM in our meeting room at the Johnson County EOC, Johnson County Law Enforcement Center, 1100 Hospital Road Franklin, Indiana.

Thanks for your help in passing the word.

Jack W8ISH
Class coordinator

M.A.R.C.

Celebrate the Holidays

The December MARC meeting is celebrating the Holidays with a festive fare for breakfast. There will be breakfast casseroles and members can also bring something to add to the variety. So this coming Saturday bring something you like for breakfast and also a friend to introduce them to HAM RADIO and MARC members. This meeting is always fun to attend and have some good old social time with our friends.

A FRIENDLY REMINDER

Please renew your membership to M.A.R.C. for 2014

See Linda KC9GCH at the next club meeting and she will be glad to help you renew your membership. Dues are still \$ 18.00 for the year.

Your membership is very important to us.

PREPARE FOR WINTER

Every winter, snow and ice are a major cause of crashes with injuries on Indiana roads.

Unless you absolutely must travel, the best way to stay safe during a snow or ice storm is to stay off the roads.

Nonessential trips on slick roads can unnecessarily jeopardize your safety, and the safety of any emergency responders who must come to your aid if you become stranded or involved in a crash.

If you must travel during a snow or ice storm, don't leave your home unprepared.

Carry a cell phone and car charger, and a small emergency preparedness kit with blankets, extra water and snacks, a small shovel and other items that may be helpful if you find yourself stuck or stranded on the road. Your HT radio and extra battery pack.

Always allow extra space between you and other vehicles and remember "ice and snow—take it slow!"

2013 Indiana Storm Chasers Convention

On Saturday November 9th, storm chasers, meteorologists, and other weather enthusiasts gathered at the Brickyard Crossing Golf Course and Conference Center for the 2013 Indiana Storm Chasers Convention. The event, which features several presentations about storm chasing and weather in general, was well attended as nearly fifty people filled the seats inside the large conference room. Now in its third year, the event has gained popularity throughout the country drawing attendees from as far away as California and Oklahoma.

Ken Brewer meteorologist WISH TV

Headlined by WISH-TV meteorologist Ken Brewer, speakers addressed several topics that sparked some great discussion among the attendees. Ken opened up the event by speaking about the future of the broadcast meteorologist. His presentation was followed by BAM Chase meteorologist Michael Clark who talked about the dynamics of the Halloween storm system as well as the impact of social media on weather forecasting. Tyler and Joe Allison from Allisonhouse presented on the past and future technologies used in storm chasing, and SWIFT lead forecaster Joseph Cooper closed the day by speaking about the team's June 12th chase day in Northern Illinois.

Overall, it was another successful year for the Indiana Storm Chasers Convention. We are excited about the future and will continue to better the event. For more information about the Indiana Storm Chasers Convention, please visit the website at <http://inchasercon.wix.com/inchasercon>.
